BRIGHT STORY

/ Ieri e oggi, presenti
/ Yesterday and today, present

Un'evoluzione lunga oltre 100 anni

La nostra storia comincia a Napoli agli inizi del '900. È una storia di impegno, di evoluzione, di coraggio. Una storia che corre lungo il filo del tempo intrecciandosi costantemente con quella del vetro. Generazione dopo generazione, FAN Europe Lighting evolve, cambia forma, sviluppa la sua idea di prodotto e di servizio, con l'obiettivo di diventare un punto di riferimento per tutto il settore dell'illuminazione.

La nostra azienda, oggi

Oggi FAN Europe Lighting è una grande squadra di persone e di risorse. Alla ricerca dell'eccellenza nella qualità dei prodotti, abbiniamo un ecosistema di servizi e garanzie che abbiamo sviluppato e strutturato a misura di esigenza e di cliente.
La nostra italian heritage non ci fa dimenticare l'importanza dell'originalità e della cura nel prodotto. La nostra voglia di crescere ci spinge ad essere sempre al passo con la luce di oggi e di domani, una luce sempre più smart, sempre più green, sempre in evoluzione.

An evolution spanning more than 100 years

Our history began in Naples in the early 1900s. It's a history of commitment, evolution and courage. A history that follows the thread of time, constantly intertwining with that of glass.
Generation after generation, **FAN Europe Lighting** has evolved, changing shape, developing its concept of products and services to become a benchmark for the entire lighting industry.

Our company, today

Today, **FAN Europe Lighting** is a vast team of people and resources. In addition to pursuing excellence in product quality, we combine an ecosystem of services and guarantees, which we have developed and tailored to our customers' needs.
Our Italian heritage does not allow us to forget the importance of originality and product care. Our desire to grow motivates us to always keep up with the lighting of today and tomorrow, lighting that is always smarter, more eco-friendly and evolving.

CUSTOM-MADE LIGHTING

/ Una sinergia di risorse e garanzie
/ A synergy of resources and guarantees

La qualità, al primo posto

Componenti di qualità, controlli multipli, collaudi in fase di realizzazione: per la qualità non scendiamo mai a compromessi. Grazie a un team di esperti riusciamo a garantire la tecnologia più avanzata, finiture ogni anno più curate e nuovi design a prova di tempo!

Quality components, multiple checks, testing during the manufacturing process: we never compromise on quality. With our team of experts, we can guarantee cutting-edge technology, new improved finishes every year and new designs that will stand the test of time!

Quality comes first

La gamma più completa di prodotti

Siamo una delle poche aziende al mondo a coprire così tanti settori di destinazione: dall'illuminazione industriale al prodotto decorativo. Siamo "appassionati ricercatori" e ogni anno arricchiamo la gamma con collezioni di tendenza e le innovazioni più efficienti in materia di tecnologia e sostenibilità.

We are one of the few companies in the world to cover so many target sectors: from industrial lighting to decor products. As "passionate researchers" every year we enrich our range with trend-setting collections and the most efficient innovations in terms of technology and sustainability.

The most comprehensive range of products

L'evoluzione stilistica e tecnologica dell'illuminazione ha indirizzato la ricerca illuminotecnica verso progetti di illuminazione su misura, in cui i corpi illuminanti sono strumenti al servizio del progetto architettonico.
Questa fase evolutiva ci ha spinto ad ampliare la nostra divisione Project ed Illuminotecnica dedicata ai progetti su misura. La divisione esegue già servizi di progettazione, realizzazione prototipi, test e controllo di produzione per ogni prodotto presente sul nostro catalogo.
Quando i prodotti non incontrano le esigenze del cliente, realizziamo prodotti "customizzati" su misura per le esigenze del progetto e per valorizzare al massimo gli ambienti del disegno illuminotecnico. Grazie a strumenti informatici e software di calcolo fotometrico possiamo fornire per ogni nuovo prodotto i calcoli fotometrici per un adeguato sviluppo progettuale illuminotecnico.

The stylistic and technological evolution of lighting has steered lighting research towards custom-made lighting projects, in which luminaires are used to support architectural design.
This evolutionary phase encouraged us to expand our Project and Lighting department focusing on custom-made projects.
The department already provides design, prototyping, testing and production monitoring services for all the products in our catalogue. When products don't meet the customer's needs, we make bespoke products to meet project requirements and fully enhance lighting design contexts. Using computer tools and photometric calculation software, we can provide photometric calculations for each new product thereby appropriately developing the lighting design project.

REASON WHY

/ Sosteniamo il GREEN
/ We are ECO-FRIENDLY

Abbiamo eliminato la plastica dai nostri packaging. Selezioniamo e prediligiamo materiali provenienti da risorse sostenibili. Ricerchiamo le tecnologie con miglior efficienza energetica abbinati a sistemi smart in grado di ridurre ulteriormente i consumi. Questi e molti altri sono i nostri impegni a sostegno della sostenibilità!

We no longer use plastic in our packaging. We select and prefer materials from sustainable resources. We research the most energy-efficient technologies combined with smart systems that further reduce consumption. All this, and much more, shows our commitment to sustainability!

CUSTOMER EXPERIENCE

/ Un'assistenza sempre attiva
/ Assistance always available

Massima disponibilità di prodotti

Noi ci siamo, sempre! Con disponibilità, professionalità e un obiettivo chiaro: semplificare la vita dei nostri clienti. È una promessa che facciamo a chi non ci conosce. È una garanzia consolidata per chi lavora con noi da anni! Abbiamo a disposizione una delle più vaste gamme di articoli sul mercato ma riusciamo ad assicurare in ogni momento il 98% di disponibilità. Garantiamo che il restante 2% torni disponibile in 30 giorni!

We are always here for you! With our helpfulness, professionalism and a clear goal: to make life easier for our customers. It's a promise we make to those who don't know us. It's an established guarantee for those who have worked with us for years! We have one of the widest ranges of items on the market, but we can guarantee 98% availability at all times. We guarantee that the remaining 2% will be available in 30 days!

Maximum product availability

Spedizioni Veloci e sicure

Abbiamo sviluppato negli anni un sistema logistico efficiente in grado di garantire consegne in 24h per l'Italia e 48 per l'Europa, assicurando la massima cura nel trasporto. Un team multilingua è inoltre al servizio dei clienti per offrire supporto e assistenza.

Over the years, we have developed an efficient logistics system that guarantees deliveries within 24h in Italy and 48h in Europe, ensuring maximum care during transport. Our multilingual team also provides customers with support and assistance.

Quick and safe shipments

GAUDÌ

/ Le sospensioni Gaudí combinano creatività e stile, dando vita a un prodotto unico e dinamico. Le linee pulite e le combinazioni di traslucenze dai colori floreali dei diffusori in vetro, arricchiscono la luce, creando un'atmosfera elegante e moderna. Una scelta ideale per chi ama l'arte e il design.
/ Gaudí suspensions combine creativity and style, giving life to a unique and dynamic product. The clean lines and the combination of flowered translucent colours of the glass diffusers enhance the light, creating an elegant and modern atmosphere. An ideal choice for those who love art and design.
