

Q01

Q01

La cura dei dettagli e il minimalismo del design trasformano ogni composizione in un progetto unico, personalizzato in base alle proprie esigenze estetiche e funzionali.

Q01 è una cucina versatile che propone uno spazio dinamico e creativo in cui tutto è possibile. Uno stile inconfondibile che spazia da un design di ispirazione nordica a composizioni dal gusto metropolitano, abbinamenti e finiture che vanno dalle venature del legno al laccato lucido e opaco, agli effetti resina e cemento, ai materiali tecnologici come Fenix ed eco-sostenibili come il PET.

The attention to detail and the minimalism of the design transform each composition into a unique project, customized according to one's aesthetic and functional needs.

Q01 is a versatile kitchen that offers a dynamic and creative space where everything is possible. An unmistakable style that ranges from a Nordic-inspired design to compositions with a metropolitan taste, combinations and finishes ranging from wood grain to glossy and matt lacquer, to resin and cement effects, to technological materials such as Fenix and eco-sustainable materials such as PET.

L'attention portée aux détails et le minimalisme du design transforment chaque composition en un projet unique, personnalisé en fonction de besoins esthétiques et fonctionnels.

Q01 est une cuisine polyvalente qui offre un espace dynamique et créatif où tout est possible. Un style incomparable qui va d'un design d'inspiration nordique à des compositions au goût métropolitain, des combinaisons et des finitions allant du veinage du bois à la laque brillante et mate, aux effets résine et béton, aux matériaux technologiques tels que le Fenix et les matériaux éco-durables comme le PET.
